made in Italy

EMILIA 70cm Bi Energy *Heart of the kitchen*

"The people of Emilia Romagna eat more, care more and talk more about food than anyone else in Italy" Claudia Roden – "The Food of Italy"

Introducing the very special Emilia Romagna series 70cm Bi Energy cooker. The unique technology in this cooker was developed by Glem Gas in Australia and is manufactured by Glem Gas in its ultra modern factory in Modena which is in the heart of the Emilia Romagna region of Italy.

It is the perfect replacement cooker with a 5 burner gas hob and a 67 litre oven which can operate using gas or electricity – Bi Energy.

EMILIA ROMAGNA 70 COOKER DI76GGESIB3

This is the perfect size cooker to replace your old model without having to change your kitchen. The width of the Emilia 70cm cooker fits perfectly into the same space as many older style cookers.

WHAT MAKES THIS ELECTRIC OVEN SO UNIQUE? IT IS A GAS OVEN AS WELL.

Don't compromise on your cooking results. Use the energy that is best for you.

DI76GGESIB3 - Gas and Electric in one oven

EASY 10 AMP PLUG IN ELECTRICAL CONNECTION

GAS

- Gas is a moist heat that seals in moisture, reduces shrinkage and enhances flavour.
- Cooking with gas is cheaper than cooking with electricity.
- Natural gas has less than half the greenhouse emissions of coal generated electricity.
- Gas is great in a blackout.

ELECTRIC

- Electricity is a dry heat which is perfect for cakes and pastries.
- If you are using LPG and run out of gas the electricity is a great back up.

ACCESSORIES

- 140mm Stainless steel kick panel – MAKP70
- Teppanyaki plate – GLEMTEP1

FEATURES

- 5 burner gas hob with a centre triple ring wok burner
- Electronic ignition for easy reliable lighting
- Cast iron trivets, strong and hard wearing
- Digital clock for accurate time control
- Adjustable stainless steel legs to match your bench height
- Storage compartment underneath perfect for storing baking trays
- Closed door electric grilling, clean and efficient
- Click and slide removable inner glass for easy door cleaning
- High capacity automatic cooling fan – no clearance to the cupboards required
- Titanium enamel oven interior for easier cleaning
- LPG conversion kit included

OVEN FUNCTIONS

FAN FORCED ELECTRIC

Fast heat up and rapid cooking from a circular element around a fan that pushes the heat through for maximum efficiency.

ELECTRIC GRILL

Closed door grilling for improved efficiency and cooking smell retention.

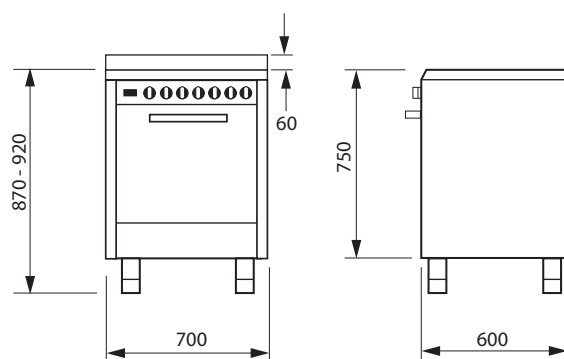

FAN ASSISTED GAS OVEN

Gas baking with fan assistance. Eliminates cold spots when cooking on more than one shelf. Great even heat distribution.
