

Modena Series Cookers

Engineered

to create.

Emilia Cookers Modena Series

Heavy duty cast iron trivets

Titanium easy clean enamel

Full glass inner door

Safe touch

Smooth closing door

Adjustable height legs

GAS

Conventional gas cooking. The gas burner is under the floor of the oven providing 4D heat distribution.

FAN ASSISTED GAS

The fan distributes the heat throughout the oven. This allows for cooking on multiple shelves at the same time.

FAN FORCED

Fast heat up and rapid cooking from a circular element around a fan that pushes the heat through for maximum efficiency.

CLASSIC BAKE

Traditional oven heating from a top and bottom element without fan assistance. Great for slow cooking.

BOTTOM ELEMENT WITH FAN

The heat of the bottom element is distributed by the fan. A good function for finishing the cooking of a pizza to crisp up the base.

SINGLE ELECTRIC GRILL

Used for gratin dishes. Able to turn the surface of foods golden brown. The grill operates with the door closed for maximum efficiency.

DOUBLE GRILL

For more powerful grilling. Turns foods golden brown faster.

FAN GRILL

The fan and grill together distribute the heat evenly, roasting foods evenly while turning the surface golden brown. Ideal for mixed grills.

OVEN LIGHT

Lights the interior of the oven - all models.

DEFROST

The fan operates without a heating element. This ensures optimal defrosting.

10 AMP

Fitted with a 10 amp plug and cable for easy plug in connection to a standard 10 amp outlet.

DOPPIO OVEN TECHNOLOGY

The oven can operate using either gas or electricity. Gas is a moist heat and electricity is a dry heat for cooking flexibility.

SAFETY VALVE EQUIPPED

If for any reason the burner flame extinguishes the gas stops flowing. The gas will not flow until the burner has been ignited.

OFF GRID READY

Electricity consumption is one percent of equivalent electric ovens making it ideal for homes on solar power. The oven is able to operate during a black out and a full LPG conversion kit is included.

90cm Gas Cookers

with fan assisted gas oven

The latest addition to the Emilia family of cookers, the 90cm model features a new oven cavity design and meets the European Class A energy efficiency requirements. That means less energy consumed and faster heat up times.

The oven has a huge 140 litre capacity that provides ample space to cook large feasts when entertaining. The cooktop has 5 burners including the new high efficiency wok burner with 2 medium burners, a large burner, and a simmer burner. The simple 10 amp plug in electrical connection enables easy installation.

Gas oven functions

- 140 Litre fan assisted gas oven
- Five burner cooktop
- Air fryer basket
- Safety valve equipped
- Digital clock and timer

INCLUDED ACCESSORIES

- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit
- Instruction Manual
- Adjustable stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Stainless steel splashback
- Stainless steel Teppanyaki plate
- Cast iron Breakfast griddle plate

Model EM965GG 90cm stainless steel cooker with gas oven

AIR FRYER FEATURE

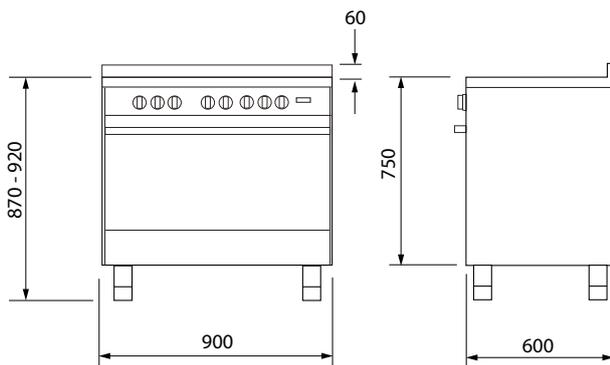

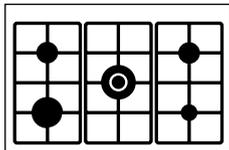

A stainless steel air fryer basket is included. Used with the fan assisted gas function foods are cooked crisp on the outside and remain moist on the inside.

A new way of thinking. Huge capacity basket that can cook 2kg of ovens fries to perfection.

Model EM965GGN 90cm gloss black cooker with gas oven

Featuring a black finish to complement contemporary kitchen design schemes, this 90cm model features a new oven cavity design and meets the European Class A energy efficiency requirements. That means less energy consumed and faster heat up times.

The oven has a huge 140 litre capacity that provides ample space to cook large feasts when entertaining. The cooktop has 5 burners including the new high efficiency wok burner with 2 medium burners, a large burner, and a simmer burner. The simple 10 amp plug in electrical connection enables easy installation.

All Emilia gas cookers are OFF GRID ready. A full LPG conversion kit is included if needed. The oven temperature is controlled by a thermostat that does not require electricity to operate.

All Emilia gas cookers can be lit manually so if there is a black out they can continue cooking.

They are ideal for homes operating with Solar panels.

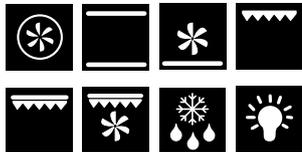

Gas, it is the heat with steam. Foods taste better and stay fresher for longer.

90cm Dual Fuel Cookers

with electric oven

Combining electric oven cooking with a 5 burner gas cooktop, this stainless steel 90cm cooker is the perfect size for families and households that like to entertain. The large 140 litre electric oven includes 8 cooking functions and a new cavity design for faster heat up and less energy use.

Electrical oven functions

- 140 Litre multifunction electric oven
- Five burner cooktop
- Air fryer basket feature
- Safety valve equipped
- Digital clock and timer

INCLUDED ACCESSORIES

- Air fryer basket
- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit

- Adjustable stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Stainless steel splashback
- Stainless steel Teppanyaki plate
- Cast iron Breakfast griddle plate

Model EM965GE 90cm stainless steel Dual Fuel cooker

AIR FRYER FEATURE

A stainless steel air fryer basket is included. Used with fan forced function foods are cooked crisp on the outside and remain moist on the inside.

A new way of thinking. Huge capacity basket that can cook 2kg of ovens fries to perfection.

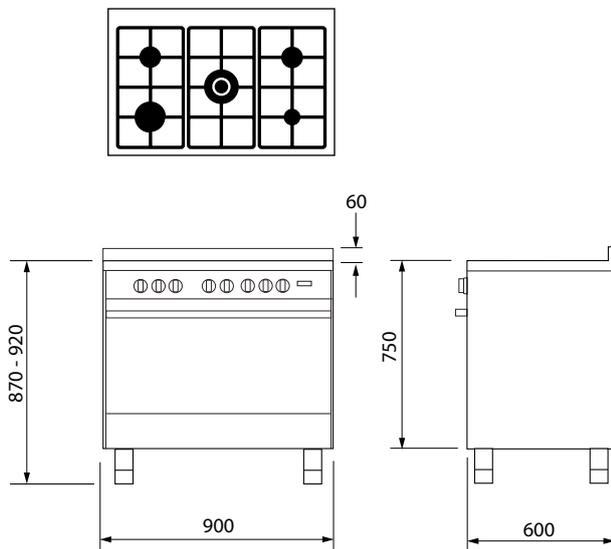

Model EM965GEN 90cm gloss black Dual Fuel cooker

 **electric oven**
multifunction electric

Combining electric oven cooking with a 5 burner gas cooktop, this 90cm cooker with a contemporary black finish is the perfect size for families and households that like to entertain. The large 140 litre electric oven includes 8 cooking functions and a new cavity design for faster heat up and less energy use.

Multifunction electric ovens that cook the way you want them to.

80cm Gas Cookers

with fan assisted gas oven EXCLUSIVE TO THE GOOD GUYS

When the kitchen space just doesn't allow for a 90cm cooker, the Emilia 80cm design is the perfect solution. These two models are exclusively made for The Good Guys who identified the need for an 80cm gas cooker for Australian home cooks. Featuring the latest oven cavity design, this Italian made appliance also meets the European Class A energy efficiency requirements.

The oven has a huge 120 litre capacity, and the cooktop has 5 burners including the new high efficiency wok burner with 2 medium burners, a large burner, and a simmer burner. The simple 10 amp plug in electrical connection enables easy installation - amazing for an 80 cm cooker.

Model EM865GGX 80cm stainless steel cooker with gas oven

Gas oven functions

- 120 Litre fan assisted gas oven
- Five burner cooktop
- Off grid ready
- Safety valve equipped
- Digital clock and timer

INCLUDED ACCESSORIES

- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG conversion kit
- Instruction manual
- Adjustable stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Stainless steel splashback
- Stainless steel Teppanyaki plate
- Cast iron Breakfast griddle plate

Model EM865GGXN 80cm gloss black cooker with gas oven

This new oven is the largest we have ever manufactured in an 80cm cooker. The oven floor is sealed making the oven easier to clean and increasing the efficiency of operation. Faster heat up times and shorter cooking cycles.

Gas ovens have the advantage of using the moist heat of gas to provide heat. This means less shrinkage when roasting as more moisture is retained resulting in better flavours and more tender meat. Most professional chefs prefer cooking in a gas oven.

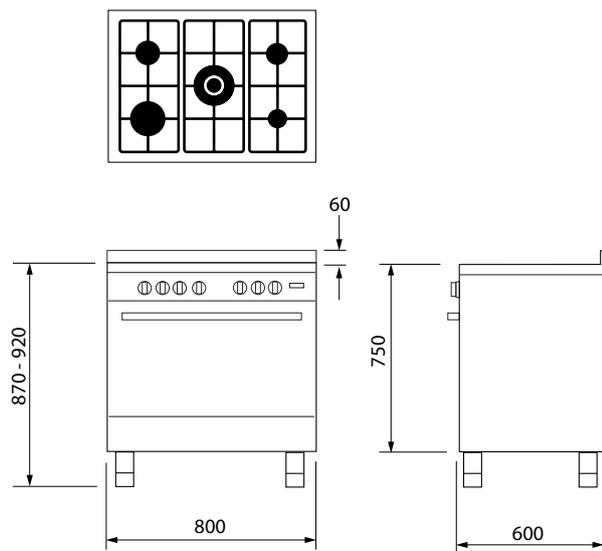

There is a considerable saving in the cost of energy and depending on what part of Australia annual energy savings can amount to hundreds of dollars.

All Emilia gas cookers are OFF GRID ready. A full LPG conversion kit is included if needed. The oven temperature is controlled by a thermostat that does not require electricity to operate.

All Emilia gas cookers can be lit manually so if there is a black out they can continue cooking.

They are ideal for homes operating with Solar panels.

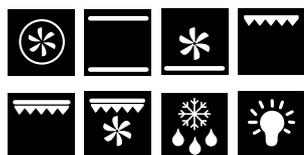

80cm Dual Fuel Cookers

with electric oven

The 80cm wide dual fuel cooker, with stainless steel finish, features gas burners paired with a multifunction, large capacity electrical oven.

Electrical oven functions

- 120 Litre multifunction electric oven
- Five burner cooktop
- High efficiency centre wok burner

- LPG Conversion Kit
- Instruction Manual
- Adjustable stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Stainless steel splashback
- Stainless steel Teppanyaki plate
- Cast iron Breakfast griddle plate

Model EM865GE 80cm stainless steel Dual Fuel cooker

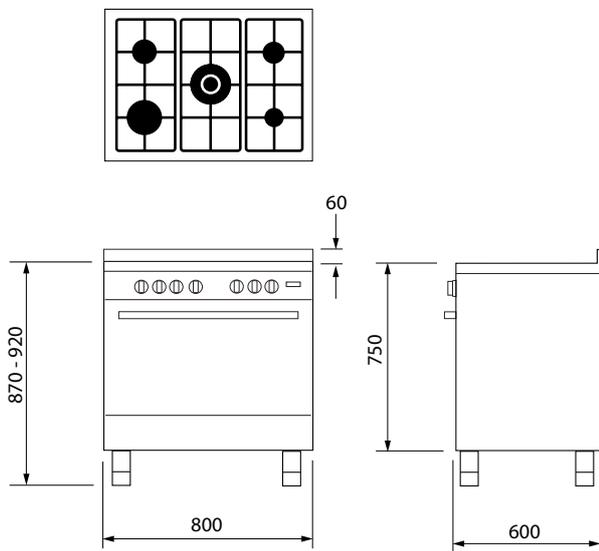

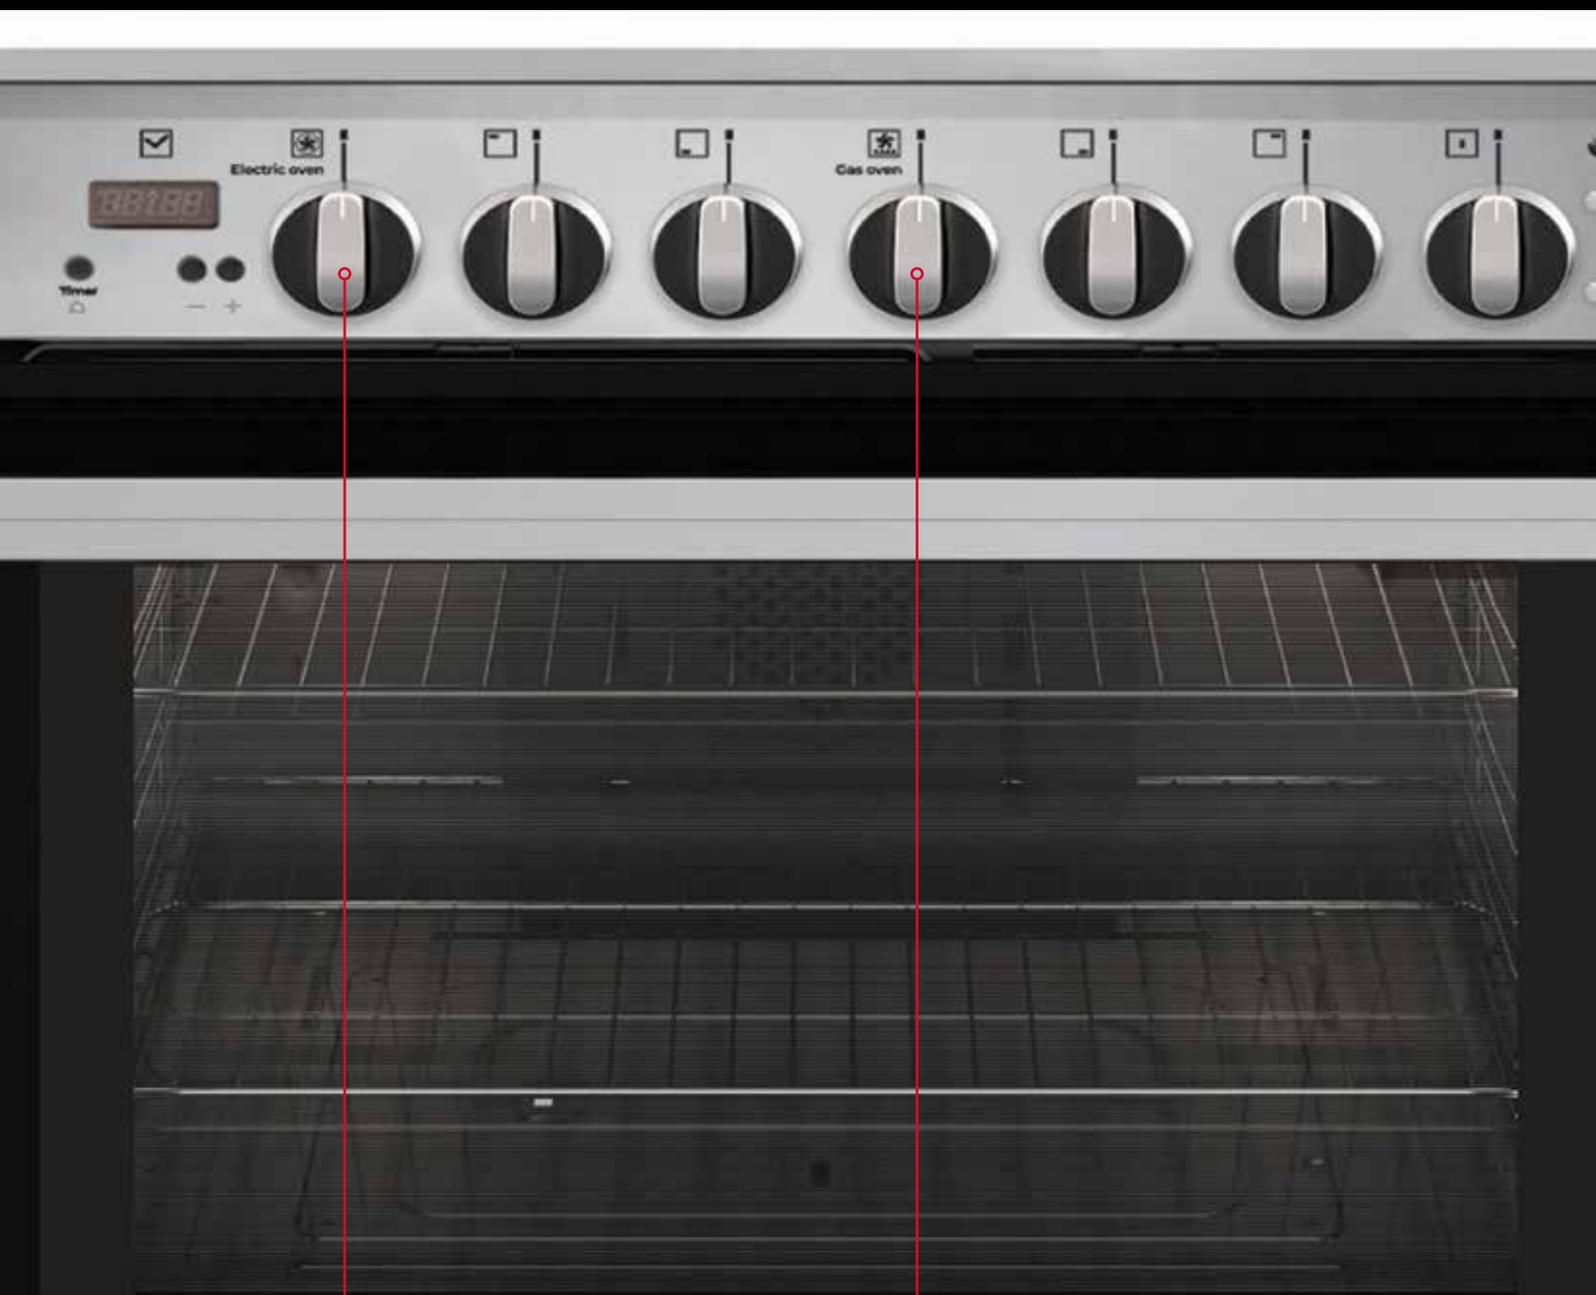

Model EM865GEN 80cm gloss black Dual Fuel cooker

The 80cm wide dual fuel cooker, with a stylish black finish, features gas burners paired with a multifunction, large capacity electrical oven.

The DOPPIO difference. Double the energy sources.

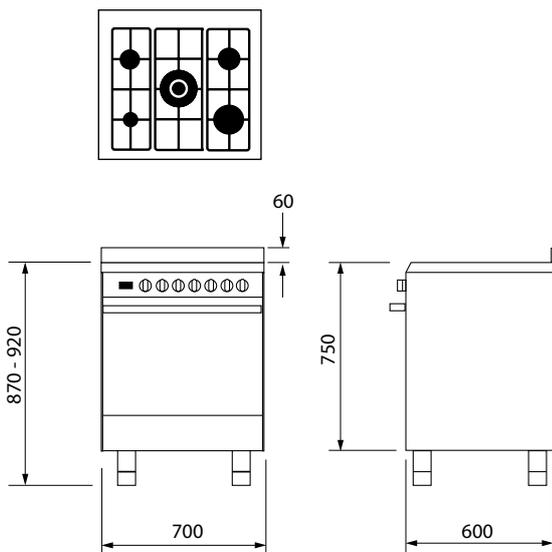

Use the dry heat
of electricity when
baking pastries

Use moist heat that
comes from gas
when roasting

Model EM765DOP 70cm stainless steel with Doppio oven

70cm Gas Cooker

with DOPPIO oven

An Australian innovation made in Italy. 20 years ago, we had a dream to be able to cook in an oven using gas or electricity. The Doppio oven – double the benefits. Take advantage of the moist heat that comes from gas when roasting and use the dry heat of electricity when baking pastries.

Able to operate during a black out the Emilia 70cm cooker is something special. The 5 burner cooktop includes the new high efficiency wok burner with 2 medium burners, a large burner, and a simmer burner. The simple 10 amp plug in electrical connection provides for easy installation.

Doppio oven functions

- Doppio oven technology
- Five burner cooktop
- Off grid ready
- Safety valve equipped
- Digital clock and timer

INCLUDED ACCESSORIES

- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit
- Instruction Manual
- Adjustable height stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Air Fryer basket

60cm Gas Cooker

with fan assisted gas oven

With a 4 burner gas cooktop and fan assisted gas oven, Emilia has crafted a versatile cooker for those who appreciate the instant heat and cooking benefits of gas. With a high efficiency wok burner and oven that is quick and economical to run, this 60cm wide appliance includes a range of accessories and options.

Gas oven functions

- High efficiency wok burner
- Titanium easy clean enamel
- Off grid ready
- Safety valve equipped
- Digital clock and timer

INCLUDED ACCESSORIES

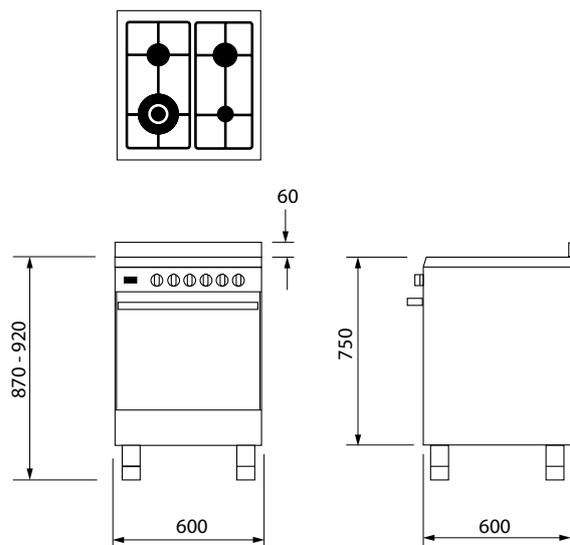

- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit

- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit
- Instruction Manual
- Adjustable stainless steel legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Air Fryer basket

53cm Gas Cooker

with fan assisted gas oven

An ideal replacement for the standard 54cm cooker commonly found in Australian kitchens, the contemporary Emilia 53cm model provides an instant room update. Delivering optimal gas cooking performance, this renovator favourite slides into place without the need to modify cupboards and benchtops. It's an easy way to upgrade to a stainless steel European appliance.

GAS OVEN FUNCTIONS

- 53cm width dimension. Installs easily into the space of a standard white cooker
- Titanium easy clean enamel
- Off grid ready
- Safety valve equipped
- Hand made single piece hob

INCLUDED ACCESSORIES

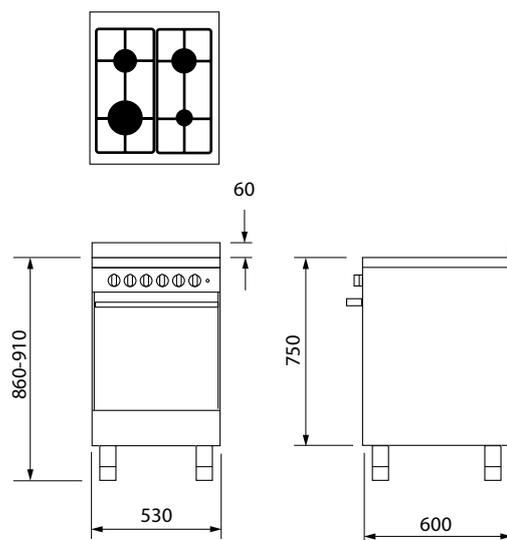

- Grill tray and insert
- Side racks & wire shelves
- Installation kit & NG regulator
- LPG Conversion Kit
- Instruction Manual
- Adjustable height legs
- Cast iron trivets

OPTIONS

- Stainless steel kickplate
- Air Fryer basket

Model EM534GG 53cm stainless steel with gas oven

Innovative options

Stainless steel Air Fryer AFB1

The Emilia air fryer basket fits into 53, 60, 70 and 90cm Emilia cookers.

It uses the movement of hot air in the fan function to cook from all sides at the same time. Amazing cooking performance for all frozen foods and a new way of cooking vegetables, meats and pastries.

Breakfast plate EGPL1

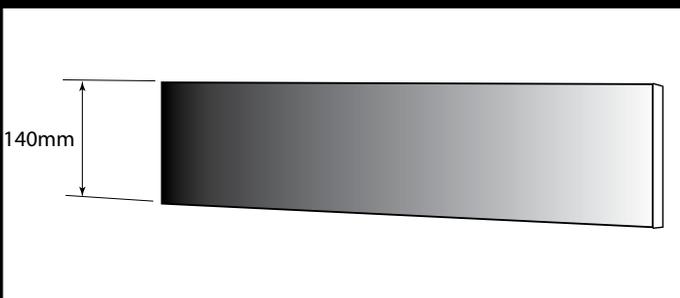

This cast iron griddle plate was designed in Australia with special egg zones to create perfect restaurant quality breakfasts. We have solved the problem of eggs and bacon cooking together in the one pan. Fits all model cookers from 60cm and up.

Teppanyaki plate GLEMTEP1

Solid 304 Top Grade stainless steel.

Originally designed for 'Hibachi' style cooking, the teppanyaki plate can be used for everything from prawns to pancakes with a minimum of oil. Best on 90cm & 80cm models.

Cooker kick plates

Snaps easily over the legs of the cooker. Finished in stainless steel or gloss black. Available for all models.

Go to www.emiliaappliances.com.au for details and model numbers.
